

SENTENCE SERMONS IN
PULPITS OF EL PASO

"Henry George was right when he said, 'I am for men' for much as we value the work of women, El Paso will never be won to Christ by a Women's Aid Society."—Rev. Jeff D. Ray at First Baptist church.

"A man's belief or unbelief, when the truth is fairly put before him, is a test of his moral disposition."—Rev. Henry Easter at St. Clement's Episcopal church.

"The most historic and significant crown that has ever been worn in the history of the world, was the crown of thorns, worn by the man of Galilee, and since then he has been crowned by more people in their hearts than any other ruler or conqueror; therefore be it ever remembered that if you would wear the crown of eternal light there, you must crown Him in your heart and life here."—Rev. Frank W. Otto at First Methodist church.

"Our Lord has commanded us to give the gospel to every preacher, and we have all the resources necessary to obey that command."—Rev. R. T. Hanks at Calvary Baptist church.

"The forces which divide are many, and if, therefore, the church is to be held together, there must be some force sufficient in its strength to overcome the dividing forces, and mutual love is such a force."—Rev. James Perry Rice at First Christian church.

"The Presbyterian church of the United States has a thousand missionaries in the foreign field, occupying 25 sections. It also has 1600 schools, colleges and universities; 150 hospitals and dispensaries in which nearly half a million patients were treated last year and also 4000 native helpers. The churches' contributions to the foreign board last year amounted to nearly a million and a half. El Paso supports one missionary in Japan."—Rev. J. M. Patterson, of St. Louis, Mo., at First Presbyterian church.

"The number of the redeemed, the sins from which they are saved, and the chastened character manifested in the new life, all combine to portray the abundant mercy of God."—Rev. E. S. Knox at Westminster church.

FOREIGN MISSIONS
SUBJECT OF TALK

Bishop R. S. Waterhouse
Preaches at Trinity
Methodist Church.

Rev. J. M. Patterson, of St. Louis, Mo., occupied the pulpit at the First Presbyterian church, in place of Rev. Chas. L. Overstreet, Sunday. Mr. Patterson is connected with the missionary work of the Presbyterian church of the United States. The sermon, which he delivered Sunday, dealt with the work done by the Presbyterian missionaries in the foreign countries.

Bishop Waterhouse, of Virginia, delivered the sermon at the Trinity Methodist church Sunday morning and spoke again in the evening. Bishop Waterhouse is visiting Rev. Caspar S. Wright.

Daily Lenten Service.
Lenten services are being held daily at the St. Clement's Episcopal church. The services are held every day except Wednesday and Saturday, in the afternoon at 4 o'clock. On Wednesday the services are held at 8 o'clock in the evening and on Saturdays at 10 o'clock in the morning.

The Men's club of St. Clement's Episcopal church will meet Thursday evening at 8 o'clock at the parish house, Supper for the Men.

A supper will be served at the Y. M. C. A. for the men of the First Presbyterian church, Tuesday evening at 8 o'clock. Rev. J. M. Patterson, of St. Louis, Mo., will address the men who are present.

The regular prayer meeting of the First Presbyterian church will be held Wednesday night. After the services, the Young People's society of the church will hold a business meeting.

"Bring One" Class to Meet.
The Men's "Bring One" Bible class of the First Christian church will meet at the home of the pastor, Rev. James Perry Rice, 901 Stanton street, Thursday evening.

The officers and the members of the Sunday school of the First Christian church will meet at the home of Mrs. E. A. Moss, 418 North Campbell street, Friday evening.

To Discuss Porto Rico.
The Women's Home Missionary society of the First Methodist church will meet at the home of Mrs. J. J. Carr, 2716 Montana street, Thursday afternoon. Mrs. Carr has charge of the program. The subject, which will be discussed, will be "Porto Rico."

First Baptist Church.
At the First Baptist church the pastor, Dr. J. D. Ray, preached two practical sermons to two large congregations Sunday. Something doing all the time is to be the slogan for the spring and summer months. Five persons were added to the church Sunday. The Sunday school was larger than usual. The Sunday school institute to be held in this church beginning Friday evening, March 21st, is of absorbing interest. It will be conducted by H. Beauchamp, field secretary Sunday school board of the Southern Baptist convention. He is a very enthusiastic Sunday school worker.

Put An Extra
Stomach To Work

Stuart's Dyspepsia Tablets Will Do the Work of Two or Three Stomachs.
Affords Instant Relief.

FREE TRIAL PACKAGE.

When your food does not digest, when gases form, when you experience that uncomfortable feeling of fullness, when the breath is foul, the tongue coated and that sour taste in the mouth—take a Stuart's Dyspepsia Tablet and watch how quickly every one of these symptoms disappear. All that was needed was to digest that lump of food in your stomach—and the glands, whose duty it is to supply the gastric juices, had simply given out from overwork. So when you took that little tablet you were supplying exactly what was necessary to complete the process of digestion that the stomach had begun but was unable to finish.

If you would continue to take a Stuart's Dyspepsia Tablet after each meal for a while your stomach would have a chance to rest up and get well and strong again.

Try just one box and you will never want to be without this wonderful little remedy for stomach troubles. Stuart's Dyspepsia Tablets contain an ingredient, one grain of which will digest 3000 grains of food. They are so entirely harmless because they have absolutely no effect on the system one way or another except to do just the one thing—digest food.

Forty thousand physicians use and recommend this National Remedy. Every drug store everywhere sells and recommends Stuart's Dyspepsia Tablets. The price is 50 cents per box. A sample will be sent free if you will write F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

AUTO HITS BUGGY;
TWO WOMEN HURT

Sewer Commissioner Chases Driver Who Had Not Stopped.

Mrs. Harry Goodman and her sister-in-law, Miss Rose Goodman, of 1024 Arizona street, were thrown from their buggy in front of the E. J. Hadlock place on the county road Sunday afternoon and suffered slight injuries.

The women were going toward Ysleta and an express wagon was passing them en route to El Paso when automobile No. 277, driven by J. S. Mangham, employed at the El Paso foundry, with two Mexicans as passengers, tried to pass between the two. The front left hub of the automobile struck the front wheel of the buggy and turned it up in the air, throwing the women to the ground.

Mrs. Goodman was rendered unconscious and suffered several bruises on the face and body and a long gash was cut in her forehead, and another in the left eye. Her sister-in-law was only slightly bruised on the leg.

The women were taken into the Hadlock home, where they were given aid and bandaged. Then Mr. Goodman was summoned and Dr. A. H. Butler was also called and attended the women.

The automobile did not stop, and sewer commissioner J. W. Hadlock and his wife, who were at the scene, took Mr. Hadlock's auto and started in pursuit. Near the T. P. crossing he called to Mangham to stop, but he declined to do so and turned into a side street. Then Hadlock, showing his police badge, watched him and ordered the whistle blown to attract the attention of the police and authorities to the fact that a large electric cable had fallen across other wires near the smelter causing great peril to the employees and to passersby.

Fire destroyed several shanties in the eastern part of the city. It is said that the fire originated in a fonda through carelessness on the part of the cook.

TAX COLLECTIONS

ARE SHY \$100,000

Office to Be Open Until 9 p. m. to Friday Night.

City taxes will become delinquent on March 31 and because of that fact the assessor's office in the city hall will be open from 8 a. m. until 9 p. m. March 27 to 31 inclusive. Owing to the fact that the city council announced early in the year that it would extend the time from March 1 to March 31 the collections to date amount to only \$170,000, while up to this time last year they amounted to nearly \$100,000 more.

The city has about \$400,000 more taxes to collect for this year but usually about 10 percent of this becomes delinquent and city assessor Louis E. Bell thinks that there may be a greater delinquency this year.

TOO NERVOUS
TO SLEEP

Mrs. Martin Explains About Her Experience And Tells What Saved Her Life.

Riversville, W. Va.—Mrs. Dora Martin, of this place says: "For three years, I suffered with womanly troubles, I had draggins-down feelings and I had such pains in my back and side! I was nervous, and could not sleep at night. The doctor could not help me.

He said I would have to be operated on before I could get better, so I thought I would try using Cardui. I took the Cardui treatment, and, now, I am entirely well. I am sure Cardui saved my life."

For more than half a century, Cardui has been used successfully to prevent unnecessary pains, caused by womanly troubles, such as headache, backache, side ache, dragging sensations, etc.

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

Cardui goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you are a woman, suffering from any symptoms of womanly trouble, take Cardui. It will help you.

DIAZ ENCOURAGES
RAILROAD BUILDING

(Continued from previous page.)

Kansas City to the Mexican Gulf of California. It is also building a line from San Angelo, Texas, to the Rio Grande, at Del Rio, to connect with a new line of the national railways in Mexico. This will give another international point of entry between the two republics and another all-rail route between Mexico City and Kansas City.

The Caraligo and Western railway is being built to the site of the new Conchos river dam, where water will be impounded in a lake 25 miles long, which will furnish electric power for mining camps within a radius of 100 miles, and water for the irrigation of half a million acres of land. The Southern Pacific Railway of Mexico is engaged in building an important line in western Mexico which will give direct rail communication from Arizona to Guadalajara. There are a number of other important projects under construction.

In addition to the mileage now building there are 1,177 miles of line planned for the next year or so. One of the most important of these is a 200 mile line from Tampico to Vera Cruz, which will open up the extensive new oil fields along the Gulf coast. A concession has been granted for the building of a line from Santa Lucetia the junction point of the Vera Cruz and Isthmus, and the Tehuantepec railways to Tampico in the Yucatan peninsula, a distance of 450 miles. This road when completed will give the Mexican government its first rail connection with the Yucatan peninsula, and promises to be one of the most important steps undertaken in years in the railway development of the country.

The earnings of the railroads last year as compared with the previous year showed an increase of 12 percent, and the freight earnings an increase of 16 percent. During the first two months of the present calendar year the earnings of the national lines were greater by a safe margin than those of the same period of 1910. It is the confident prediction of those acquainted with present conditions in the republic that the next ten years will see a growth of railway mileage that has never been equaled outside of the United States. All lines that are now being built are of substantial construction and promise to yield a satisfactory return to the stockholders.

Tomorrow—Mexico's Government-owned Railroads.
